Sr. Advanced UX Researcher

September 2021 - Present: Honeywell

- Facilitating stakeholder workshops to refine problem statements, promote alignment, ideate and define scope.
- Designing and executing research plans using appropriate methods of inquiry.
- Conducting usability testing, collecting design feedback, and analyzing user session data to validate designs.
- Preparing and presenting report outs and recommendations from research findings.

UX Designer & Researcher

July 2018 - August 2021: Army of Bees

- Facilitated stakeholder discovery sessions to identify key business objectives.
- Identified target audiences, designed and executed research plans.
- Translated research findings into product designs, working iteratively from low-fidelity wireframes to high-fidelity mockups.
- Conducted usability testing and analyzed user session data to validate designs.

March 2018 - February 2019: Consultant - Guthrie Technology Services

- Designed high-fidelity web, mobile, and large format touchscreen comps.
- Created storyboards for client presentations.
- Created high fidelity prototypes to present to stakeholders.

January 2018 - August 2018: Consultant - Helium Services, LLC

- Designed information architecture and user flows for web and mobile applications.
- Designed web and mobile wireframes for client to present to project stakeholders.
- Wrote user stories for the development team.
- Created low fidelity prototypes.

March 2018 - July 2018: Consultant - Sleep Data

- Advocated for the user in client kickoff and alignment meetings.
- Designed a responsive user interface for client's new product.
- Packaged high-fidelity comps with redline data to engineers.
- Provided design expertise and support throughout the development process.

September 2017 - December 2017: General Assembly Student

- Designed and conducted user research to gain insights into pain points and identify opportunities.
- Used an iterative approach to design and refine wireframes and prototypes.

Executive Assistant / Marketing Assistant

May 2015 - September 2017 : Choate Construction Company

- Produced and set-up monthly staff meeting, including designing PowerPoint presentations, compiling content, and assigning presenters.
- Assisted marketing department with production of marketing materials according to brand guidelines, editing of photographs, and creation of graphics.
- Created and sent direct marketing emails on behalf of the company.

Executive Assistant / Legal Assistant

July 2006 - May 2015 : Habersham Funding, LLC

- Researched state statutes and regulations, court cases, and other legal issues, collecting information, interpreting, and presenting findings for executives.
- Designed digital and printed collateral for business meetings, conferences, and intra-office use.
